

The revision pyramid

Building your revision – starting
with the foundations

The revision pyramid

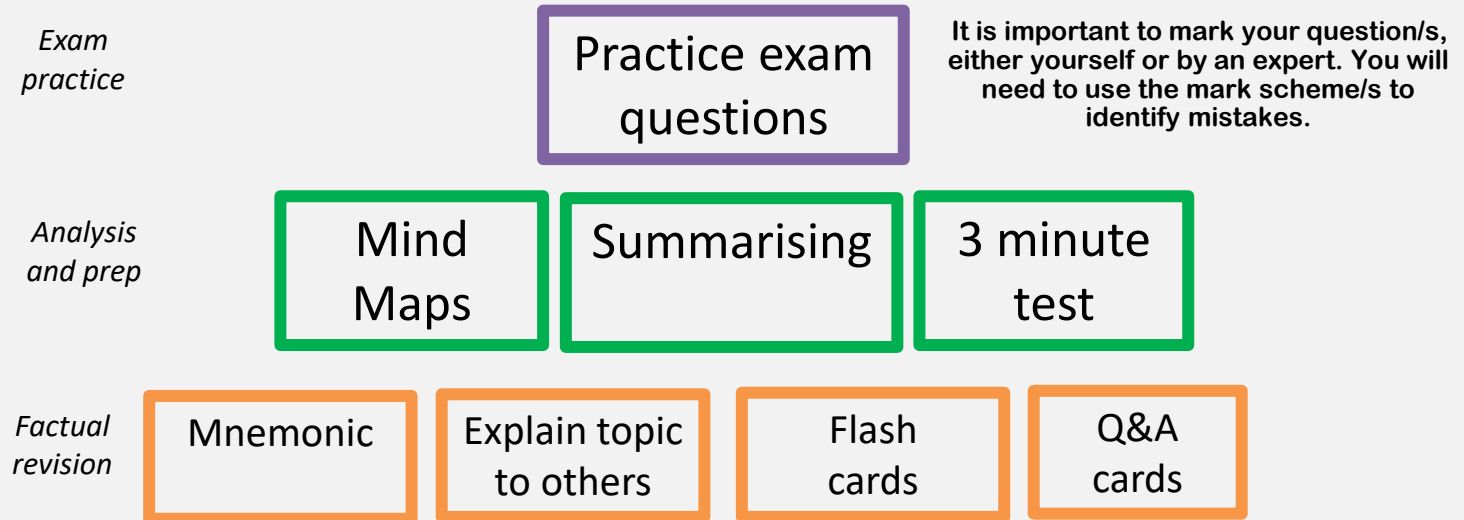

The revision pyramid explains how to build your revision.

The bottom layer – Techniques to learn the facts

The middle layer – Techniques to prepare for questions and consolidate the facts

The top layer – Practice an actual exam question

EXAMPLE:

In the coming weeks we are going to look at preparing you for exams using techniques for each of the pyramid levels. We want you to be able to study smart!
