

Face coverings-Parent information

Here's what you and your child can expect now students will need to wear a face covering when moving through shared areas at our school.

When will my child need to wear a face covering at school?

Your child can wear a face covering at our school at any time if they choose to.

Your child must wear a face covering in the following circumstances:

- If our school is in a government designated local lockdown area, or if this becomes the case. We'll let you know if this does become the case. We'd recommend reading this factsheet and securing a face covering for your child so you're prepared
 - If your child travels to school by public transport, one of our dedicated school buses, or a transport service that only carries students
-

Where exactly will my child need to wear it in school?

- They'll need to wear it when they move through indoor areas of the school where it's difficult to stick to social distancing. This includes corridors, indoor spaces such as the senior block, the canteen and both the main and student reception
 - If your child travels to school by public transport, one of our dedicated school buses, or a transport service that only carries students
 - They **won't** need to wear a face covering outside or in their classroom
-

What will my child need?

Your child needs to come to school with:

- A **face covering**. We'd recommend a reusable one so that they can use it more than once, as they'll need to take it on and off several times during the school day. If this isn't an option, they'll need to bring in several single-use face coverings each day. Their face covering should be secured to their head using ear loops only
 - A **sealable plastic bag** to keep their face covering in when they're not using it so that it doesn't contaminate (or get contaminated by) other surfaces in school
-

Where can I get a face covering?

- Reusable and single-use face coverings are available to buy in shops or online
 - We've attached instructions from the government on how to make a cloth face covering
 - Supervise your child if they'll be making it themselves
-

How should my child use their face covering?

- Watch [this video](https://www.youtube.com/watch?v=9Tv2BVN_WTk) from the World Health Organisation with your child so they know how to wear their face covering safely. We'll watch this in class too
 - Their face covering needs to cover their nose and mouth when they're wearing it
 - They shouldn't touch the front of the face covering or the part that's touched their mouth or nose
 - They should wash their hands before and after touching the face covering, including to take it off or put it on. They should store it in an individual, sealable plastic bag between uses
 - If it becomes damp, they shouldn't wear it, and they should replace it carefully
 - Single-use face coverings should be disposed of after use (**not** in a recycling bin)
-

How often will it need to be washed?

- Reusable face coverings will need to be washed at the end of each day, ready for your child to wear the next day
 - You can wash and dry reusable face coverings with normal laundry – follow the washing instructions for the fabric and use normal detergent
-

What if my child is exempt from wearing a face covering?

- They won't need to wear one in school
 - Please let us know by contacting the school office or pastoral staff if your child is exempt so that we don't ask them to wear a face covering
-

What if my child forgets their face covering?

- We'll have a small supply of spares available at school
- To be safe in the knowledge that everyone has one, please make sure your child has their own so that we can keep our supply of spares for emergencies
