OBHS KS4 Subject Information

(Core Ebacc Subject))

Title of course:
GCSE French / German

Curriculum Leader: Mrs G. Barrett

Course Overview

Why study a language?

Be the best we can be

In year 9 you are already well on your way to studying a language at GCSE as we have introduced elements of the GCSE course since the start of this year.

An awareness of a foreign language is a life-long skill: you don't have to be fluent to make a difference. Having even just a little of another language gives you the freedom to travel and communicate with others, whether for business or pleasure, without seeming arrogant enough to expect them to speak English.

Learning a foreign language helps you improve and understand your own language better. Moreover, once you have learnt a one foreign language, it's much easier to pick up another, so it really doesn't matter which one you learn at school.

The act of learning a foreign language reflects keen determination, outstanding communication skills and good organisational skills. In business, it's great for public relations to be able to speak to different parts of a multinational company or its suppliers in their own language regardless of whether they can speak English fluently.

A language qualification says a lot about you as a person and your outlook beyond the place you live, having a language really makes you stand out from the crowd and can give you a competitive edge in future career choices – even if you don't know what those choices may yet turn out to be!
