

Magnifi-scent Museum!

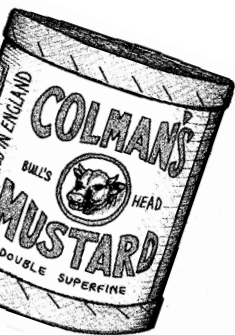

Volunteering & Work Experience opportunity

For ages 15 – 19

Museum of Norwich at the Bridewell

October 21st – 25th & November 2nd

What's the opportunity?

We are looking for a team of young people to work with the Museum of Norwich over October half term to develop this year's Magnifi-scent Museums at Night event!

We need you to help us create a night devoted to scents and smells around the museum. From the scent of chocolate that used to waft from the Chapelfield factory, to the stink the inmates held in the undercroft had to put up with, to the strange odours that would have come from our 1900s pharmacy – the museum is full of unusual aromas!

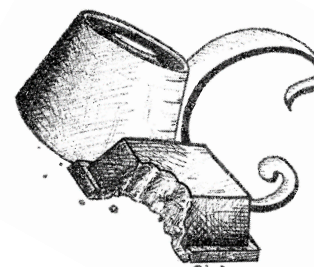

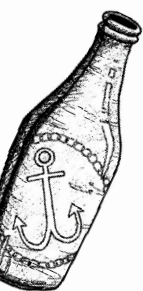

We want to use smell to spark memories, to tell stories, and to encourage visitors to 'view' the collections in a completely different way.

What will we be doing?

Over October half term you will work with the Museum of Norwich to:

- Research into smells of the past using museum collections and archives
- Create activities that will encourage visitors to use their sense of smell to explore the museum, these could be performances, tours, scavenger hunts – it's up to you!
- Design the marketing, posters and social media to promote the event
- Help deliver our night time event on Nov 2nd and lead activities, welcome visitors and show off the scents of Norwich's past

How do I take part?

If you have an interest in museums, history or heritage, art or performance, events or marketing and want to gain some valuable experience then this opportunity is for you.

You will need to be free to take part in our activity planning week from 21st to 25th Oct between 10.30am and 3.30pm, and on 2nd Nov for Museums at Night between 4.30pm and 9pm.

If you are interested in taking part or would like more information, then contact me at the email below by the 13th of October:
