OBHS STUDENT WELLBEING Resource Cove App

Create music to capture your mood and express how you feel with the Cove app. Instead of words, create music to reflect emotions like joy, sadness, calm and anger. You can store your music in a personal journal, or send them to someone and let the music do the talking.

Cove is like a mood journal, except instead of using words to express how you feel, you use music.

To create music, choose from six different moods – calm, struggling, longing, playful, clouded and gentle.

Once you've selected your mood, you can easily add and remove different musical effects.

Store your music in a private journal to revisit at any time. Add some personal thoughts and tags.

OBHS Community and Alumni:

We would love to hear from anybody who was a student at Old Buckenham High School. We are setting up a Community and Alumni section on our websites and would love to share in people's memories and experiences. If you would like to be involved, or know anybody who would, we would love you to send in a short video, voice recording or written account to office@obhs.co.uk . We have a lovely video created and shared by our Head Girl 2020-2021 Alice O'Hara already up on the website. Please give it a listen!

We will be offering current OBHS students the opportunity to also share their experiences over the course of the Spring Term, as we would love to capture some of their experiences and memories of their time so far here at OBHS.
