Duke of Edinburgh award - Year 9 and 10

Please continue to complete your activities for each of the sections for your DofE.

Students should be starting to complete sections. Once you have completed the section you need to get it signed off by your assessor. You can do this by sending them the following link along with your eDofE number and start and finish dates for that section. You may also need to upload evidence onto eDofE and show your assessor.

Job of the Week

Every week we will be sharing information on a different type of career. We are starting off with an Archaeologist:

OLD BUCKENHAM
HIGH SCHOOL

Be the best we can be

Archaeologist

Skills

Day to day tasks:

- Identify possible sites to study using aerial photography, field-walking and surveying
- Take part in excavations or digs
- Record finds and sites using photography, detailed notes and surveying
- Identify and classify finds
- Clean and preserve finds in a laboratory
- Use computers to produce simulations of the way a site or artefact would have looked
- Preserve industrial artefacts and buildings
- Check planning applications and identify the impact of developing on archaeological sites
- Make sure important sites, buildings and monuments are protected
- Classify, display and look after artefacts in a museum

Archaeologists

learn about the past by studying sites, excavating, classifying, recording and preserving objects.

Routes into the industry

You can get into this job through:

A **university course** in Archaeology or a related subject.

An **apprenticeship** such as a Level 3 Archaeologist Technician apprenticeship or other Archaeological specialist degree apprenticeships.

Competition for archaeology courses and jobs is very high. Practical work experience with a local archaeological association, museum or another employer will improve your chances of being accepted. You'll find details of volunteering opportunities through the **Council for British Archaeology**.

Subjects

You'll need at least 4-5 GCSEs (or equivalent) at grades 9-4, including **English** and **Maths**. Archaeology is a broad subject linking with many others, such as **Geography**, **History** and **RE**. For specialisms, a GCSE in **Science** may be more appropriate. Qualifications in Computer Studies focusing on CAD and GIS may be useful.

Salary*

Starting from £17,000 to £40,000 for experienced archaeologists.

Jobs

Jobs for Social Scientists are projected to grow by 1.5% by 2027, creating 900 jobs. In the same period, 39.9% of the workforce is projected to retire, creating 6,700 job openings.

*In 2020 the average salary was £31,461, up 3.6% on 2019. Annual pay estimates are largely unaffected by Covid-19.

Carleton Rode Jubilee Hall

Mrs Fearn would like to invite Students, Parents and Carers to the following event:

Wisepay

Please could parents / carers remember to top up their child's Wisepay account to enable them to purchase their lunch. Please can students also remember to bring their Wisepay cards as this helps to keep the lunch queue moving.

If a student has any difficulty in purchasing their lunch, for example insufficient funds or damaged / forgotten card, please can they go to Student Reception who will be able to assist them and ensure they are able to purchase some lunch.

If you purchase any items on Wisepay i.e. ties, badges or stationery, students will need to collect these from Student Reception once the payment has been received. Revision guides that are purchased need to be collected by the student from their subject teacher.
