Lesson 1 – Creating a response to an artist – Sarah Graham

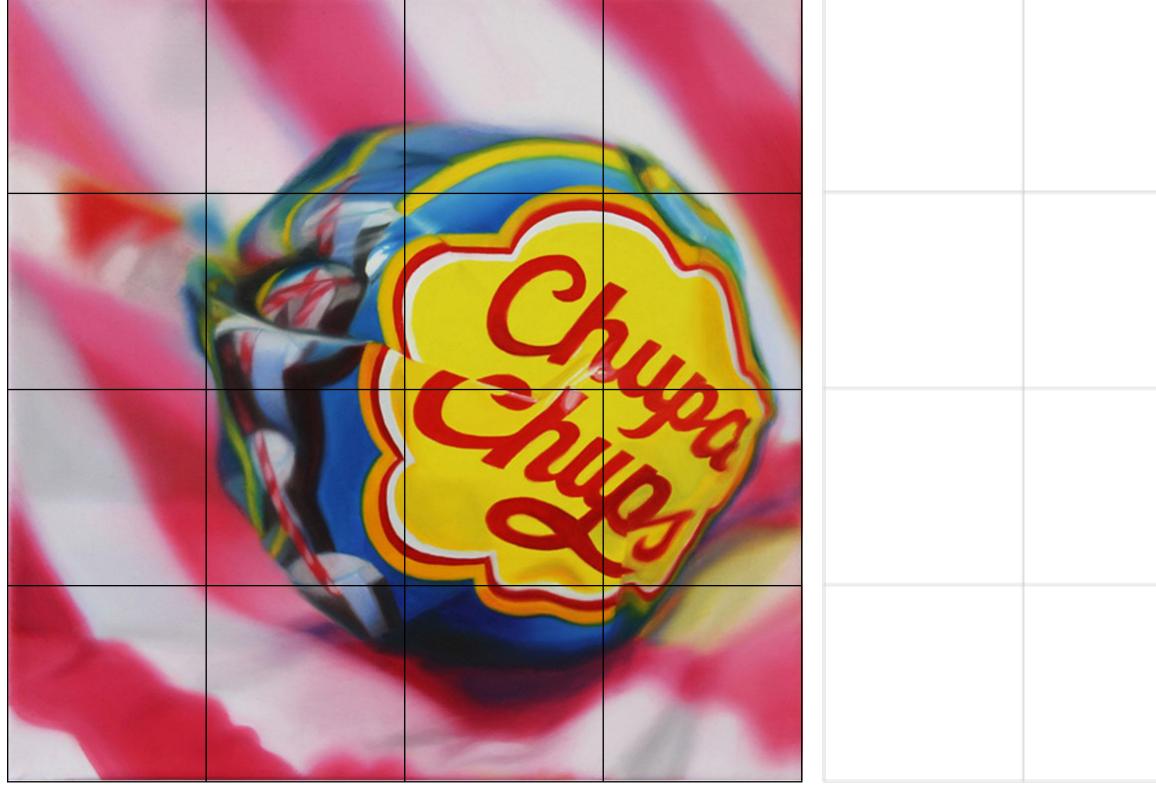

Sarah Graham is a British artist who paints compositions of traditional sweets in a hyper realism style. She uses vibrant colours in oils, and paints close-up images which she enlarges. She manages to capture the shiny surface of rounded objects such as gumballs or marbles and clear packaging by using very white highlights.

All her images remind people of their childhoods and carefree times. She often paints sweets in jars, much like they used to be sold.
