

Year 11 Drama Spring 2 task

Consider the following questions regarding your Component 2 examination and answer in full sentences (complete for each extract):

What role are you playing in each extract? How does this role differ from the others in the extract?

What is happening to your character in the extract, what do they do or say that is important?

What is your characters motive in the extract – what do they want by the end of it?

What do they feel in the extract? Are they happy, sad, angry with others? Do they take a lead role in the extract, or are they a quieter character who is unable to express their feelings?

How are you using your voice to create this character to show that you are playing a role? What movements will you include that show you are playing a role?

What do you want your audience to think by the end of the performance? Should we feel sorry for you, or do we want to become part of the extract and involved in the scene?
