

Spring 2

Year 10 Homework 7: Designing Products

Prototype Development

Read Pages 34 and 35.

On A4/or a **Revision Postcard** answer the questions on **Page 35** Quick Test. Write down **Key Points** and **Key words** to support **Revision** and understanding. Answer Questions on **Page 45** and **Page 57**.

Use your **Revision books** to complete **Review** and **Practice Questions**. It is advised that you buy postcards for revision notes from homework tasks given and keep these for exam preparation.

Year 10 Homework 8: Tools, Equipment and Processes

Scales of Manufacture

Read Pages 92 and 93.

On A4/or a **Revision Postcard** answer the questions on **Page 93** Quick Test. Write down **Key Points** and **Key words** to support **Revision** and understanding. Answer Questions on **Page 116** and **Page 128 (1.1 and 1.2)**

Use your **Revision books** to complete **Review** and **Practice Questions**. It is advised that you buy postcards for revision notes from homework tasks given and keep these for exam preparation.

Year 10 Homework 9: Tools, Equipment and Processes

Manufacturing Processes 1: Process Types and Processes used with paper and Board

Read Pages 94 and 95.

On A4/or a **Revision Postcard** answer the questions on **Page 95** Quick Test. Write down **Key Points** and **Key words** to support **Revision** and understanding. Answer Questions on **Page 117 (2)** and **Page 128 (2)**.

Use your **Revision books** to complete **Review** and **Practice Questions**. It is advised that you buy postcards for revision notes from homework tasks given and keep these for exam preparation.

Year 10 Homework 10: Tools, Equipment and Processes

Manufacturing Processes 2: Timber-Based Materials

Read Pages 96 and 97.

On A4/or a **Revision Postcard** answer the questions on **Page 97** Quick Test. Write down **Key Points** and **Key words** to support **Revision** and understanding. Answer Questions on **Page 117 (3,4), 118 (5) and Page 129 (4)**.

Use your **Revision books** to complete **Review** and **Practice Questions**. It is advised that you buy postcards for revision notes from homework tasks given and keep these for exam preparation.

Year 10 Homework 11: Tools, Equipment and Processes

Manufacturing Processes 3: Metals and Alloys

Read Pages 96 and 97.

On A4/or a **Revision Postcard** answer the questions on **Page 97** Quick Test. Write down **Key Points** and **Key words** to support **Revision** and understanding. Answer Questions on **Page 117 (3,4), 118 (5) and Page 129 (4)**.

Use your **Revision books** to complete **Review** and **Practice Questions**. It is advised that you buy postcards for revision notes from homework tasks given and keep these for exam preparation.

Year 10 Homework 12: Tools, Equipment and Processes

Manufacturing Processes 4: Polymers

Read Pages 96 and 97.

On A4/or a **Revision Postcard** answer the questions on **Page 97** Quick Test. Write down **Key Points** and **Key words** to support **Revision** and understanding. Answer Questions on **Page 117 (3,4), 118 (5) and Page 129 (4)**.

Use your **Revision books** to complete **Review** and **Practice Questions**. It is advised that you buy postcards for revision notes from homework tasks given and keep these for exam preparation.
